**How To Order**

- Select the model number from the sizing chart. Then add a prefix of RE for the Reserve door or D for the Decor door, add a color code, and

the suffix of TPM for the Twin Panel Mesh Door. Example: The model number REAG3322TPM would designate a Reserve door in Antique Gold Vein in model number 3322 with a Twin Panel Mesh Door.

• Please note: The opening widths in the above chart are based upon using standard mounting hardware for installation. Contact the factory for a quote for door styles other than the Reserve and Decor which are featured here.
